LONDON, Jan. 21.—[By Cable and Associated Press.] It is stated on trustworthy authority that the English Government has decided to uphold the treaty by the terms of which European powers are precluded from obtaining or attempting to obtain dominance in Samoa. The Government has been fully informed of and shares in the United States Government's views on the subject. It is agreed that the action of the subject. It is agreed that the action of the Gérman agents in Samoa is opposed to the letter and spirit of the treaty; that it violates diplomatic etiquette and endangers the good relations so necessary for Europeans to preserve when dealing with semi-barbarous nations. Dispatches to this effect have been sent to Berlin.

THREATENING NEWS FROM SAMOA. Lord Salisbury's latest news from Apia is of a threatening nature. In consequence of these advices the British fact in the Pacific will be increased immediately by at least two powerful vessels.

A BOX OF KINDLING.

Plain Evidence of Incendiarism Last Evening. Last evening about 9:30 o'clock smoke was seen issuing from the Plaza Bazar, a dry goods and furnishing store in the brick building on the point opposite the plaza. The plaza engine promptly responded, and when the door was broken open the store was filled with smoke, but nothing could be seen of the fire. A search, however, disclo a pasteboard box filled with fine kindling s wood under the floor, near the partition in the store, and so located as to create the impression that the fire was caused from a defective flue, there being a restaurant next door. It was the work of but a few seconds to cut up the floor, and the box was secured before it had been burned sufficiently to destroy it, and in a few seconds the danger was over. Chief Moriarty was on the ground a few minutes after the box was found, and took charge of it, and was looking about the piace when the proprietor of the store, A. Aarons, came in, apparently very much surprised, and said that he had just closed up the place a few minutes before he heard the alarm. He said that he carried \$1000 insurance in Coleman & Childress's agency, but could not imagine how the fire had started, as he had no stove in his store, and there had been no fire about the place. Chief Moriarty put a watch and in charge of the building, and today the insurance people will investigate the case. The damage is nominal, as the firemen were too quick, and got to the place before the fire got good headway.

It was a clear case of attempted incendiarism on the part of somebody, and the plans had all been carefully laid so as to make it appear that the fire originated from a defective flue in the restaurant. The crime is peculiarly fleadish from the fact that the upper story of the building is occupied as a lodging-house, and should it not have been fortunately discovered there might have been serious loss of life. Should the perpetrators of the cowardly deed be discovered there will doubtless receive the full benefit of the law. wood under the floor, near the partition in the store, and so located as to create the

AT THE JAIL

The Distinguished Characters Who Came Up. Assterday was a busy day at the County Jail, and the jailer and turnkeys were kept busy receiving prisoners, mostly of a trivial character. Among the number were four vagrants from Soledad, two petty larcenists - Phomas Miller and Ben McGuire-from Pomona, three tramps charged with mafrom San Fernando, Ah Foo, a Chinaman, from Anaheim, for disturbing the peace, from Anaheim, for disturbing the peace, two vagrants from Pasadena and two from Anaheim, Ming Kee, for petty larceny and Thomas Carroll for burglary from the City Court. The vagrants were sentenced to from five to thirty days' imprisonment. The jail officials are considerably annoyed over the irregularities in the papers made out by the new justices, and several of them have had to be sent back for correction. Another nuisance is the fact that these justices insist on sending back every tramp that is sent out of the city, and several of those who have been returned say that they find it impossible to get out of the county, as the country imagistrates capture them before they can get away. Saff Fernando is the worst offender in this regard, and yesterday a deputy constable made two trips from that place, each time with a lonesome tramp, one of them being a mere boy.

THAT DAMAGE SUIT.

Frank Gassaway and Mrs Neil to The celebrated Gassaway-Neil case will come up before Judge Wade today. The suit was brought by Gissaway several months ago for \$50,000 damages and \$5000 which he claims to have paid Mrs. Juana A.

Neil on a lease for her theater on Spring street. Just before the completion of the theater, Mrs. Neil broke the lease with Gastheater, Mrs. Neil broke the lease with Gas-saway on the grounds that he could not carry out his contract, and leased it to H. C. Wyatt of the Graud Opera-house. Gassa-way then sued her for the above mentioned sum. Gassaway induced Mrs. Neil to build the theater, and from several hints that have been dropped, it is probable that there will be sensational developments before the trial reaches a conclusion.

#### A LONG DISCUSSION OF THE NEW

PATRES CONSCRIPTI.

Letter from Senator White That May Se Encouraging and May Not-Bridge Matters Canvassed-The "Cow Limits" -- ewers Or dered-Mortgage Tax Modified,

The regular weekly meeting of the City Council was held in the Council chambe yesterday, with President Kuhrts in the chair and the following members present: Bosbyshell, Bryant, Barrett, Cohn, Earl, Ford, Hanley, Humphreys, McNally, Moriarty, Shafer, Sinsabaugh, Threlkeld and

Immediately after the reading of the minutes, Capt. Barrett offered a resolution minutes, Capt. Barrett offered a resolution in favor of appointing a committee of two gentlemen, one from each party, to go to Sacramento to confer with the Judiciary Committee, and if the new charter be declared constitutional and capable of being put in operation, they do all in their power to push the passage of said charter, and that Hon. A. Brunson and A. W. Hutton be the gentlemen sent and a sum of \$100 be appropriated with which to pay their expenses.

ton be the gentlemen sent and a sum of 15000 be appropriated with which to pay their expenses.

Dr. Bryant stated that he had prepared a resolution to the same effect, but that he was in favor of sending seven of the most prominent citizens to Sacramento.

President Kuhrts stated that he had received a letter from Hon. Stepnen M. White on the subject, and he had conveyed the news that there was a defect in the charter.

Mr. Cohn said that there was a defect and that the sending of committees te Sacramento would be useless unless this defect was remedied. He described the method of passing the act making the charter operative and then suggested that the Judiciary Committee be requested to point out all defects at once and a new charter submitted to the Legislature before it adjourned.

Mr. Humphreys asked how the charter was defective, when Mr. Cohn replied that it was defective in the matter of raising money for public improvements unless the Vrooman Act was repealed.

Dr. Bryant insisted that it would be safer to send a committee to Sacramento and allow them to handle the matter as they pleased. There had never been a perfect charter and there never would be. It was expected that there would be some defects, but these would not affect its passage if the matter was properly pushed.

Mr. Cohn remarked that the less pub-

atter was properly pushed. Mr. Cohn remarked that the less publicily there was given to the matter the better it would be. For all we knew, the charter would pass, but he could not help showing the Council that there was a defect, and he might tell of one detect which might cause it to be thrown out altogether.

President Kurts observed that he did not think it was necessary for the committee to go to Sacramento, as the Senators and Assemblymen would press it through. The following letter from Hon. Stephen M. White to President Kuhrts was then read:

## Dear Sir: I introduced a resolution dopting the Los Angeles charter. In the

copy used by me, being one furnished by the Clerk, I notice, sluce it was printed, that there is a cierical error in omitting the Mayor's signature, but this will, or course, be remedied before the resolution is adopted. I have sent you a copy by today's mail. I have also transmitted another to the Mayor and to various other parties. I wish you would have the Clerk of the Council compare one of these printed copies wish you would have the Clerk of the Council compare one of these printed copies which I forward with the original record, plainly mark any errors and return the same to me without delay. I would have the comparison made here, but, of course, have not the original to look to. I will press the charter through the Senate as rapidly as possible, but I desire at this time, in view of my opinion as to the result of the adoption of the charter, to say that I am only aiding in its passage because I consider it my duty to do so. I fear that its adoption will not be followed with the satisfactory results which are anticipated. I believe that it will be exceedingly difficult to issue salable bonds under its provisions. Nevertheless, as I have already stated, I will put it through my end of the building as rapidly as circumstances will permit. I expect to have it made a special core for as rapidly as circumstances will permit. expect to have it made a special order for

early part of next week. our friend, STEPHEN M. WHITE. MORE DISCUSSION.

In accordance with this request Messrs Cohn and Sinsabaugh were appointed to compare the charter and make the nece

compare the charter and make the necessary corrections.

A long discussion followed, pro and con, Messrs. Barrett and John stating that the charter was defective, and Mr. Humphreys on the other side. The latter said he was a pretty good politician himself, although it was not much to brag of, but he was, and he could go to Sacramento, and though the charter had been adopted by 3000 votes, he could kill the charter with the help of understrapping politicians he would find up there.

Capt. Barrett said he had worked hard to get the charter passed, and had asked peo-ple at Sacramento to push it through, still he had since heard it was defective, and he now wanted the subject investigated before an instrument was saddled upon the city which we would ever after regret. He did not care whether the lawyers examined it here or in Sacramento, but he wanted it examined, and yould like to see the matter placed beyond all doubt before any risk was

aken.

Dr. Sinsabaugh said it appeared to him as hough the opposition to the charter came rom saloons and other low classes, and he

The charter business was then made the pecial order of business for 2 o'clock this

REDEMPTION OF BONDS. After some unimportant matters had been attended to, Mr. Cohn introduced a resoluattended to, Mr. Cohn introduced a resolu-tion reciting the fact that the city of Los Angeles did, under the law passed February 28, 1876, issue bonds to raise the sum of \$75,-000, payable on April 1, 1896, and hearing interest at the raise of 7 per cent., and that there is now in the interest and sinking fund the sum of \$10,000 to be applied on the redemption of said bonds; therefore be it

Resolved, that the Treasurer be instructed to advertise for four weeks for sealed proposals for the surrender of the bonds issued under this act, and shall state in the advertisement how much money be has in hand for the purpose of redemption, and reserve for the Council the right to reject any or all bids. When the bids are opened the Council shall accept the lowest bid at rates not exceeding par value as may redeem the greater amount of bonds until the cash on hand is exhausted, and the Treasurer shall be exonerated from all liability by reasen of the payment made by him of the bonds so surrendered.

On motion, the resolution was adopted and the Clerk instructed to advertise for bids in accordance therewith.

Several recommendations were disposed of, when the refusal of the German Savings and Loan Association of San Francisco to pay their taxes on mortgages here came up, and the City Attorney recommended that the tax be received on the amount assessed and the excess be removed. The recommendation was adopted, and the City Attorney instructed to take the same action in all similar cases.

A MATTER OF BRIDGES.

Mr. Lambie, ex-City Surveyor, appeared before the Council, and explained that he had received a notice to surrender certain plans and specifications for the Ninth-street bridge. He wanted to know what in

meant.

Mr. Cohn said that it came up from Mr.

Dockweiler's statement of last week that he had no plans in the Surveyor's office in relation to these bridges.

Mr. Lamble then said that he had left plans in his office, and that the work was done when he left the employ of the city. He said the piles for the Ninth-street bridge had not been driven in accordance with the contract, and he had therefore refused to accept the work. The other bridges were in course of construction and there were plans on file.

work had been done under the supervision of the City Surveyor he would see it was done well.

There was some further discussion on the matter, and the City Attorney stated that if the work had not been done in accordance with the contract the city should refuse to pay the bills and leave the company to make their work good.

Mr. Cohn said he wanted it understood that he thought the bridge company had been rather cool to so ahead with the work and not ask for any extension of time, when the time h d now almost expired.

The representative of the bridge company appeared and stated that their contract with the city was that the bridges should be completed on or before the first day of February, 1889, or as soon thereafter as may be possible. The work had been delayed by the cable company, with the consent of the city, the bad weather, and now by the Sait Lake and Utah railro-d, which necessitated another change and its consequent delay. He said the company had lost on the Ninthstreet bridge.

The whole matter was then referred to the Bridge Committee, and the Council adjourned for lunch.

Afternoon Session.
The Council met at 1:30 o'clock, with
President Kuhrts in the chair.
The report of the Land Committee was

presented, and the various recommends

tions adopted.

Dr. Sinsabaugh, on behalf of the Committee on the Charter, asked for an extension of time to 3 o'clock to present their report.

Granted.

The report of the Board of Health was presented, and Mr. Threikeld moved that the recommendation in regard to the extension of

THE COW LIMITS
be changed to Stephenson avenue, the city
limits, as they did not want any cowyards
in their locality if they could help it.
Mr. Hanley thought the northern limits
should be extended north to College street,
instead of Virgin, and Dr. Bryant favored
moving them all outside the city.
Mr. Hanley then moved that the north
line be College street, instead of Virgin,
and it was so amended.

Mr. Hanley then moved that the horizand line be College street, instead of Virgin, and it was so amended.

Mr. Threlkeld then called up his motion to extend the limits on the east, between Aliso street and Second street, to Brooklyn avenue, easterly along Brooklyn avenue to Stephenson avenue to Ninth street, and thence to point of beginning.

After some further talk the whole matter was referred back to the Board of Health.

In the matter of the Seventh-street bridge Mr. Ford asked a week's further time, and requested the City Surveyor, ex-Surveyor Lambie and the Board of Public Works to meet with the committee at the City Attorney's office. So ordered.

Mr. Bosbyshell moved that the City Attorney is office. So ordered.

Several bills for abstract work, ordered by the City Attorney, and which have been hanging fire for some months, came up, and Assistant Attorney Dunn made a statement in regard to the matter, saying that the work had been done, and that they should be paid.

THOSE ABSTRACT BILLS. After some debate Mr. Threlkeld moved that on the filing of the abstracts with the City Clerk the bills be paid. There was no second, and a motion was then made that the bills be referred back to the Finance

second, and a motion was then made that the bills be referred back to the Finance Committee for further investigation, which prevailed. Mr. Lovell made a statement in regard to the matter, saying that he recollected the incident, which was in connection with the opening of Los Angeles street.

Mr. Humphreys called attention to a bill of \$500, which had been allowed Mr. Daly for defending a suit for damages against the individual members of the Council in connection with some pesthouse matter, and quite a discussion ensued, in which Mr. Dunn stated that the City Atorney was not employed to defend the lawsuits of Councilmen, and Mr. Kuhrts and other members said that they considered that the \$300 had not been legally paid, and that it was the duty of the City Attorney to defend such suits. On motion, this was so ordered in future.

A map of First street from Main to Grand

A map of First street from Main to Grand avenue was presented and, on motion, was placed on file as the official map of that portion of the street. Mr. Barrett stating that the reason for this was because they wanted an official map before granting the contract for grading the hill.

The report of the Board of Public Works was read, as heretofore published in The Times, and the various recommendations therein adopted.

Dr. Bryant suggested that in granting contracts a specified time be allowed contractors, and that a fine of so much per day be imposed for all delays over that time.

Mr. Bosbyshell remarked that all the contractors gave bonds for the proper performance of their work in a certain time, when Dr. Bryant remarked that this was a dead letter, and the matter was dropped.

A resolution was offered ordering that all collections for the grading of First street be paid over to the Street Superintendent, which was passed.

THE CHARTER COMPARED. A map of First street from Main to Grand

THE CHARTER COMPARED.

The Committee on Examination of the charter, through Mr. Cohn as chairman, reported that it had examined the charter reported that it had examined the charter and found one or two elerical or typographical errors in articles 139 and 154, which were corrected, and the copy of the charter, so corrected, was ordered returned to Mr. White with a certificate that it was a true copy of the charter as adopted, Dr. Sinsabauch remarking that they had examined every word, and knew it was correct.

Mr. Scott, representing

Mr. Scott, representing

THE UTAH RAHLROAD,
appeared before the Council and stated that
he had been ordered to stop work at Downey avenue by the City Surveyor, and, as
he was under bonds to do the work within
a certain time, he would have to ask for a
continuance.

Mr. Dockweller made a statement, giving
the cause of the trouble, and asked that the
Council authorize him to take proper steps
in the matter.

Mr. Humphreys thought the City Attorney should be consulted, as there was danger of getting mixed, and Mr. Dunn stated
that there were legal requirements that
would have to be observed, or it might vitiate the original contract with the bridge
company.

be instructed to prepare plans and profiles for the approaches to the bridges on the east side of Downey avenue and First street, the abutments to be put 60 feet from the east line of the iron cylinders. After some talk, the roll was called on the resolution, and it was adopted—12 ayes, no nays.

Mr. Hanley moved that the City Surveyor he instructed to give the stakes at once, and t was so ordered.

The report of the Committee on Parks was presented, and the recommendations adopted, with the exception of that in regard to additional lights for the Sixth-stree Park, which was referred to the Gas Committee.

MIDNIGHT CLOSING OF SALOONS.

Dr. Sinsabaugh stated that at the last meeting of the Council a resolution was offered and tabled, and he desired to put the members of the Council on record, as well as himself. He therefore moved that the City Attorney be instructed to draw up an ordinance ordering all saloons be kept closed from 12 o'clock midnight until 5 o'clock in the morning, and asked that a vote be taken on the resolutios.

The motion was seconded by Mr. Bosbyshell, Bryant, Earl, Ford, Humphreys, Shafer, Sinsabaugh, Threlkeld—9. Nays—Cohn, Hanley, McNaily, Moriarty, Kuhrts—6. Mr. Wilson being absent, did not vote.

Several minor matters were disposed of, and Mr. Cohn moved that the Clerk advertise for two weeks for bids for printing the ordinances now being compiled by Mr. Teed. So ordered. MIDNIGHT CLOSING OF SALOONS

STREET CARS AND THE TAX.

The City Tax Collector reported the number of street cars in use on the various lines, horse, cable and electric, as ordered by the Council, showing that 121 cars are owned by the various companies, of which 89 are in use. The amount of tax is \$20 per car, and but \$960 has been paid, showing that but very cars have paid the license. After some talk the matter was referred to the City Attorney for further investigation.

amendments, and Mr. Cohn favored the signting down of the lights if the company would not come to terms.

Mr. Ford offered a resolution providing for the purch ase of the electric plant, when Mr. Barrett objected, saying that he was opposed to any such thing, and moved the adoption of the contract.

Mr. Bosbyshell said that we might get a new company within 90 days.

Dr. Sinsabaugh thought that as a mistake had been made in not allowing another company to come, and we were not in a position to help ourselves, he would favor the contract, as the company had made some concessions, and it would be easier to regulate the matter after the contract is signed than before.

After some further talk a vote was taken and the contract was not approved, it requiring ten votes, when but eight voted in favor of it.

Mr. Threlkeld then moved that the matter of the contract be referred to a special committee consisting of Messrs. Cohn and Ford, when Mr. Cohn retorted that it was not necessary; that if it was done he would take it himself, as there would then be but one, not one to take and one to give, and the matter was then dropped.

THE CHARTER AGAIN.

THE CHARTER AGAIN. THE CHARTER AGAIN.

Dr. Sinsabaugh suggested that, in view of the peril to the charter, a special meeting of the Council be called as soon after the public mass meeting as possible, to consider what further measures should be taken, and made a motion to that effect, which was passed, and President Kuhrts said he would call the meeting whenever it was desired, as he was heartily in favor of the charter.

A number of resolutions of intention to establish grades, etc., on various streets were read, and the same were ordered printed.

TO RESTRICT SALOONS. Mr. Earl moved that no more saloon icenses be issued until the number is re-luced to 200, and that no more than that number be issued. Referred to the Police

Several resolutions were read and referred to the several committees, when Mr. Barrett moved to adjourn, but the motion failed.

A man with a more or less sporting arr about him dropped into the Times office last evening and left the following notice:
The iong-talked-of match between MacFarlane and Murdock has been arranged for \$100 a side, to take place at the Southern Hall, next to the Silver Moon restaurant, on First street. After the finish of the match there will be a boxing contest between Champagne and Hogan, the former to stop the latter in six rounds. Champagne is the man who is matched to fight Clark to a finish in a few weeks.

The police should be on hand in force, and if this proves to be one of those pseudo prize-fights disguised under the name of a "glove contest," stop it forthwith.

A RECEIVER TAKES A SLICE OF THE THIBUNE.

Complaint Filed by C. M. Snell, a stockholder and Part Owner in the Newspaper Routes-Thomas A. Lewis in Charge of Jeopardized

Rumor was busy with her thousand tongues yesterday about the affairs of the Tribune Company, and the general concensus of opinion was that the inevitable is very close at hand. The only positive developments in a legal way, however, are described below:

THE EIRST RECEIVER. Late yesterday afternoon Thos. A. Lewis was appointed receiver by Superior Court Judge Wade for a block of Tribune Publishing Company stock owned by C. M. Snell and the carriers' routes of the Los An-Snell and the carriers' routes of the Los Angeles Tribune. Mr. Lewis was placed under \$2000 bonds to faithfully perform his dûty, which bonds he filed during the afternoon. Last evening Mr. Lewis took charge of the interests committed to him, and left A. C. Thompson at the office during the night as his representative.

This is the first of a series of legal proceedings that will be brought against the bankrupt concern within the next few days.

days.
Mr. Snell, who has been a stockholder in the Tribune Publishing Company during past few months, states under oath in the following complaint that the Tribune Publishing Company bas been mismanaged and is now insolvent. The complaint on which a receiver was appointed reads as follows:

is now insolvent. The complaint on which a receiver was appointed reads as follows:

COMPLAINT.

In the Superior Court, Los Angeles county, State of California: Q. M. Snell, plaintiff, vs. W. H. Esdor and George T. Vall, defendants.

The plaintiff above-named complains of defendants and alleges:

First—That on the 1st day of August, 1888, the plaintiff and one of the defendants, to wit, W. H. Esdor, entered into and formed a partnership for the purpose of buying and distributing the circulation of the Tribune Publishing Company and doing those things set forth in an agreement between the Tribune Publishing Company, a corporation created under the laws of the State of California, party of the first part, and C. M. S ell and W. H. Esdor, parties of the second part, attached hereto and made part hereof; said agreement dated the 1st day of August, 1888. That they thereafter entered upon and continued to carry out and transact the matters in said agreement under their firm name.

"Second—That at the date of entering into said agreement with the Tribune Publishing Company as aforesaid, this plaintiff was the owner and had and held in his own name upon the books of said corporation is obstares of paid-up capital stock of \$25 each in said corporation; that on or about the 20th day of August, 1888, for the purpose of securing the defendant, W. H. Esdor, in the payment of the sum of \$500, which blaintiff owed the said Esdor, and the farther sum of \$1000, which had been borrowed on account of said firm from D. Kuck, half of which this plaintiff was listed by a pay, plaintiff transferred and put in the name and possession of the said W. H. Esdor his said 30 shares of the capital stock of the corporation aforesaid, with the understanding, however, that so soon as this plaintiff's interest in the profits of said partnership should be equal to the amount of said indebtedness or at any time that this plaintiff should pay in his part of the same, that then the said W. H. Esdor should transfer and deliver back to this plaintiff

said.
Third—That on or about the 1st day of September, 1888, plaintiff and the said W. H. Esdor purchased for and on account of their said firm 120 paidup shares of \$25 each of the said corporation, (or which they gave the sum of \$2000, and said shares were taken and held in the name of the said W. H. Esdor.

Taken and held in the name of the said. W. H. Esdor.

Fourth—That on the let day of September, 1888, the planning and W. H. Esdor sold a one-third interest in their said contract with the Tribune Publishing Company to Lewis J. Wilde, and said Tribune Publishing Company to consented to said sale and said Wilde then and there became equal partner in said contract. That said Wilde prid into the nands of W. H. Esdor the sum of \$1800 for the said one-third interest, then and there conveyed. That afterward to with the consent of all the parties to said agreement and said business, sold and transferred his one-third interest therein to George T. Vail, and the said plaintiff and the affendant, W. H. Esdor and George T. Vail, have ever since been and now are the joint owners and co-partners owning, controlling and carrying on said agreement and the co-partners owning, controlling and carrying on said agreement and the co-partners therein the fifth—That all of said transactions were wede and according to the said plaintiff and the co-partners there were the said plaintiff and the co-partners owning, controlling and carrying on said agreement and the co-partners there were the control to the said plaintiff and the co-partners will business thereunder.

The co-partnership business thereunder.

Fifth —That all of said transactions were made and entered into, and they and the said co-partnership business were performed and to be performed in the county of Los Angeles, State of California.

made and entered into, and they and the said co-partnership business were performed and to be performed in the county of Los Angeles, State of California.

Sixth—That on December 4, 1888, the plaintiff and defendants entered into an agreement amongst themselves for the management of their said partnership business, whereby it was agreed, for the purposes and considerations therein stated and mentioned, that the defendants, after the 1st day of December, 1888, should carry on and control the said partnership business without the aid of this plaintiff. That the defendants should each receive the sum of \$85 per month out of the proceeds of said-business, atter first paying all costs and expenses of conducting the same, and that on the 18th day of each and every month, beginqing on the 18th day of January, 1889, and that they would make a statement and settlement of said business and pay over to this plaintiff his one-third interest in the proceeds of said business.

A copy of the said agreement last mentioned is hereto attached, marked exhibit "B," and made part hereof.

Seventh—That the defendants have from time to time ever since the commencement of their said co-partnership, without the knowledge or consent of this plaintiff, misapplied and appropriated to their own use, saths plaintiff is informed and believes, large sums of money from the partnership property and the proceeds of said business in excess of their proportion thereof, whereby they have become indebted to the firm in a large amount—to wit, in the sum of about \$3000. That said defendants have employed and are employing three men besides themselves to carry on and conduct said business.

Eighth—That on the —day of —, 1888, the plaintiff upon the discovery by him of said misappropriated and indebtedness requested the detendants to pay late the said copartnership the money so received by them and insappropriated as aforesaid or to account to said firm therefor; that the plaintiff again on the 18th day of January, 1899, requested and demanded of defend

aid business. That defendants are whelly nsolvent.

Ninth—That plaintiff has long since paid to W. H. Esdor and to said firm all money or moneys for which his interest in the capital stock of the said Tribune Publishing Company was placed and taken in the name of the said W. H. Esdor and has made repeated requests and demands of the said W. H. Esdor in accordance with his said agreement with plaintiff to transfer and deliver back to plaintiff the said shares of stock, but the said W. H. Esdor na slways refused and still refuses to transfer and deliver the same and plaintiff verily believes is about to sell and transfer the said stock to other parties, unknown to this plaintiff.

tional expenses and injure, misapply and destroy the value of the same so that it will become valueless unless protected by the court.

Wherefore plaintiff prays:
That plaintiff is informed and believes that the Tribune Publishing Company is being mismanaged and is in a shaky and insolvent condition and it is necessary that his stock in said concern be taken out of defendants' hands. That defendants are coperating with the officers of said company and have failed, neglected and refused and still fail, neglect and refused to take any steps for the protection of 'said stock and this plaintiff's interests.

First—That an account may be taken by and under the decree and direction of this honorable court of all the said partnership dealings and transactions between the plaintiff and the defendants; that said partnership be dissolved, and that what shall appear thereon to be due from the defendants may be decreed to be paid by them, and that plaintiff have his costs.

Second—That a proper person may be appointed to receive, collect and get in all the outstanding debts and moneys due to or on account of the said partnership, business or concern, and also to take possession of all the effects and property of or belonging to the said partnership, and to carry on and conduct all the business of said partnership during the pendency of this suit, and to do any and every act that may be necessary for the preservation of the property, and that may be to the interests of all the parties to this suit.

Third—That the defendants may be ordered to deliver up to such person all the effects and property of or belonging to the said partnership; and to the said partnership; and to the plaintiff; and that the defendants may be restrained, by the order and injunction of this honorable court, from demanding, receiving or obtaining possession of any debts, meneys or property due or belonging to the said partnership may be sold and converted into money by and under the direction of this honorable court. #### THE BEST TONIC. A CONCENTRATED

Consumption Can Be Cured.

This has been demonstrated in thousands of cases treated by D.R. WILL & M.S.

With his new system of medicated inhalations, also the oxygen and compound oxygen treatment. combined with proper constitutioal remedies for the liver, stomach, b. od. etc.

Probably no system of practice ever adopted has been so universall successful as that introduced by Dr. Williams for the cure of Catarrh, Throat Diseases, Bronchitis, Asthma and Consumpti. D.

CATARRH.

Catarrh is often recarded by the patient as a cold in the head, and he often expresses his acton ishment at his remarkable tendency to con race a fresh cold. Indeed, he declares he is scarcely free from one cold before he takes another; and he is always exceedingly careful. It is also a matter of surprise to him that the cold alwa, s seems to settle in the head and throat.

At times many of the symptoms of Catarrh may seem to abate, and the patient is led to hope that the disease is about to wear off; but another class of symptoms soon appear, and he learns to his horror that instead of recovery from the disease it is somewhat changed in its character and has extended to the throat. A sense of weariness is sometimes felt in a sonation of dryness is sometimes felt in a sense and the catarth for eight substance, as, a hair, obstructed the throat; there the cannot a sense of languor and fatigue the breath lessens upon a little exertion, a short, backing cough, a peculiar sound in clearing the throat, a feeling as though there was not room enough in the cheat to breathe; these and other symptoms cour after the di-case has made considerable prog esg. Then it is a time when consumption is about to begin its dreadful work. Up to this point the progress of the disease may have been slow and the patient may, in expressing his confident hope that it will "wear off," declare that he bas had the catarrh for years and has not seemed to contarrh end finally in consumption.

Vol XV..

THE TIMES Annual for 1889 is now o sale to the trade and the general public. It chiefly drawn from my annual report for may be purchased from the news agents, at the twelve months ended Sept. 30, 1888: the bookstores, or singly and in quantities at the TIMES office.

It is a 56-page publication, equivalent in bulk of contents to a 200-page book, chock full of valuable and interesting matter. It is specially adapted for sending to friends at a distance, who desire information regarding this section, its compilation having been undertaken with special reference to this purpose. The sending of one copy is better than the writing of one hundred letters. It contains a carefully prepared statement of Southern California's many advantages and few drawbacks, together with a complete exposition of our resources,

INCENDIARISM has become altogether too common a crime in Los Angeles. a remarkable disinclination to prosecute, even in the most flagrant cases, but this should not deter the neighbors, whose lives and property have been threatened, from making it hot for such villains. There is no more dastardly crime on earth than that of the man who will, in a coldblooded, calculating manner, risk the property and lives of innocent people for the sake of defrauding a company and thus filling his purse.

An important tax question came up in the Council yesterday. It is well known that assessments of property are in many cases lower than the sums which solid institutions are willing to loan on such property. This, by way, is a pretty good proof that our valuations are not too high as has been so frequently claimed by a local contemporary. The German Savings and Loan Society of San Francisco, having refused to pay their taxes on more than the assessed value of property upon which they had made ans, the City Attorney recommended that the tax be received on the amount assessed, and the excess be removed which recommendation was adopted, and the City Attorney instructed to take the same action in all similar cases. This decision would make a difference of many thousand dollars to the city, if taken advantage of in

FRANK PIXLEY devotes three columns in the last issue of the Argonaut to the task of boosting the cheap lands of Central and Northern California at the expense of this section. Frank says that Los Angeles is an "ancient and beautiful village;" that in Los Angeles, San Diego and San Bernardino counties there are mere worthless lands, barren hills and absolute deserts than in any country that he ever, visited; that Southern California is in deep distress; that \$25 an acre is a high price to pay for the best unimproved lands, well watered; and that the towns of Pixley, Delano, Poso, Lerdo and "sich," in the San Joaquin Valley, are far superior as places for investment than Pasadena and Pomona, which he terms "staked cities of the southern plains." Pixley is a good writer, but his well-recognized erankiness prevents his doing much harm or good by his writings. As an instance of his impracticability, he riously indorses, in the same issue, as project of disfranchising the

A BUSINESS STATEMENT.

THE TIMES is loth to thrust its busi ess affairs upon the public, and would not do so under ordinary provocation. But since there has been an insinuating mendacious, malicious threat to at tack the financial standing of the Times-Mirror Company, and since such an attack, if made, would undoubtedly embody a mass of falsehood and misrepresentation, we deem it but just to ourselves and fair to the public to forestall any false impression that might otherwise be created, by an early presentation of facts and figures which can be verified under oath.

To this end the following letter, written by the president of the Times-Mirror Company to the Bradstreet Company (the well-known commercial agency) is now given to the public, notwithstanding the fact that it embodies information intended originally to be treated as confidential. Let the truth prevail!

OUR REPORT TO BRADSTREET'S. [Copy.]
THE TIMES-MIRROR COMPANY,

TIMES BUILDING, Los Angeles, Dec. 1, 1888. To The Bradstreet Company, (Commercia Agency—Los Angeles Branch): GENTLEMEN: Referring to your request for official information of the financial standing of this company, and to my brief statement under date of Nov. 26th, I now

respond with the following further and more detailed exhibit. The facts and figures given below are

We made permanent investments during the year at a total cost of \$17,290.33, as follows:

MORTGAGE INDEBTEDNESS. The past two years have constituted period of large and rapid expansion in our business. The Times Building has been built within that time, besides which, costly machinery and materials have been pur chased to meet the requirements of the situ ation. There is, of course, a mortgage indebtedness (building loan), about which there is no concealment, it being a matter of public record. This indebtedness amounts to a total of \$25,000, or not to exceed one-third of the established valuation of the real estate. It is payable as follows:

Jan. 1. 1891, \$5000; Jan. 1, 1892, \$5000; Jan.

, 1893, \$15,000. The two principal items of the remaining indebtedness are for balances due on the new Hoe press (about two-fifths of its cost). and upon the Associated Press franchise, worth \$20,000, with long time to run. Upon the latter we owe less than one-fourth of its value, with about three years in which to pay it.

We buy our paper by the carload, and usually on 90 days' time, and use about one carload per month. Our indebtedness for this of course runs right along, month in and month out, and varies from about \$1100 to about \$2200, according as we have one car or two cars on hand or en route.

The bona fide circulation of THE TIMES averaged for the year 7177 copies daily, and the earnings from daily subscriptions and sales amounted to an aggregate of \$32,450.33, being an increase over the preceding year of \$10,187.09,

The advertising in THE TIMES, as com pared with the previous year, shows that it held its own and a little more, despite the shrinkage in what was known as "boom' The insurance companies emarkable disinclination to this source were \$71,501.38, as against \$70. 560.11 for the previous year—being an increase of \$941.27 (small but healthy). California and the National Irrigation Survey.

We have several times commented on the great irrigation scheme, for which Congress recently voted an appropria tion of \$100,000—an amount which was to be used in paying the expense of a preliminary survey of the great watersheds of the Rocky Mountain region for the purpose of ascertaining where storage reservoirs may be successfully built. The undertaking is of course an immense one, and the sum of \$100,000 will not cover even the preliminary survey. An additional appropriation ot \$350,000 is now recommended, and will probably be made for the coming year. The total estimated cost of this work of investigation and survey is \$4,000,000.

In our opinion, the scheme would prove the most profitable investment of money ever made by this country, even should the ultimate sum needed e ten times four millions. The effect of the work for which this survey would pave the way would practically be to create a new fertile country, inside the United States, larger than any subdivision which we have acquired by purchase or treaty, and every acre of which can be made to produce enough food to feed a family. The money value of the benefits conferred by this system has been estimated at \$800,000, 000, and in subsequent land valuations a conservative official estimate has placed the figures at \$19,200,000,000.

The present law in effect restricts the work of investigation to regions wherein the irrigable lands still belong to the Government, so that the main part of California would not receive any direct benefit therefrom. Soon after the appropriation became available, early in November, the Director of the Geological Survey, in Washington, telegraphed Gov. Waterman to permit State Engineer Hall to go to the National capital for the purpose of consultation. Mr. Hall arrived there about a week ago, and has since been constituted a sort of consulting en-

gineer on the work. The California irrigation reports are taken as models in the Geological Survey Bureau. There is one way in which the new Government work may be turned to the direct benefit of California, and that is as was done in the topographic work of New Jersey and Massachusetts, by cooperation, under special laws, between the Government and the State officers. Mr. Hall, it is said, is trying to lay the foundation to advance the interests of California by bringing about some such understand that in the future, if not at once, a fair proportion of the Government irrigation appropriation may be expended in California.

The Charter.

At the mass meeting fast night a number of prominent citizens spoke very strongly in favor of the new charter, and resolutions were pass asking the City Council to defray the expenses of three citizens to Sacramento, fer the purpose of urging upon the Legislature the passage of the charter, and of explaining to the members the real views of Los Angeles citizens, thereupon irrespective of party, as expressed at yesterday's meeting.

From Sacramento comes the news that the charter, on the motion of Mr. White, had unanimously passed the Senate, and been sent to the Assembly. This is good as far as it goes. We now have to see whether the fight against the instrument is to be concentrated in the Assembly.

The charter question came up in the Council yesterday, in the shape of a letter, which was read, from Stephen M. White to President Kuhrts, in which Mr. White states that he would ress the charter through the Senate as rapidly as possible, but fears that its adoption will not be followed with the satisfactory results which are anticipated. It was also stated that there is a erious defect in the charter, which would make it unconstitutional. If this is true, it is very unfortunate that the fact was not discovered, or commented upon, sooner. As it is, supposing there are defects, we presume they can be amended if pointed out by the Judicial Committee.

IT seems to us that it would be a good idea, if the new street railroad management, among other reforms, could contrive it so that the cars remain on the track a major portion of the running time. Of course the jolting caused by the frequent little detours made by the cars across country is highly beneficial to congested liver -if not to choleric tempers-but there can be too much of a good thing, and we believe passengers would be still more benefited if they were not quite so frequently shaken, but allowed a 15,260.10 reasonable period for recovery between applications.

#### AMUSEMENTS.

AT THE OPERA-HOUSE.—There are no new elements or startling novelties in Clay Green's little melodrama Forgiven, but the interest is sustained throughout, the dialogue is cheerful, natural and not too high-Interest is sustained throughout, the dialogue is cheerful, natural and not too highflown, and the plot is simple and yet appeals to the sympathies of all. The story
is briefly this: A young girl, under the influence of romantic feeling, marries a man
whom she knows to be a professional gambler. Their lives are made wretched by
her reproaches and the slights put upon her
by society. In a moment of despair, the
wife takes her child and flees from the distasteful life, leaving the husband under the
horrible impression that she was accompanied by a false friend of his. The story is
worked out in the usual way, with duels,
dying confessions and mutual forgiveness,
but so well do Mr. and Mrs. Grismer act
their parts as to carry the entire sympathy
of their auditors with them, and to create
for the time a complete illusion. Mrs.
Grismer is a delight ul and sincere little
woman, and especially in her love-making,
is sweet and attractive. Mr. Grismer delights in manly rôles, and looks and acts
them satisfactorily. Forgiven will be repeated tonight.

By Telegraph to the Times.

WASHINGTON (D. C.), Jan. 21.—[By the Associated Press.] The opening session of the annual convention of the National Woman Suffrage Association was held this morning. Many prominent workers in the movement were present, including Abigail Scott Dunaway of Oregon. Susan B. Anthony presided and spoke hopefully of the progress of the movement and its ultimate

success.

Miss Anthony was followed by Mr. Riddle and Senator Blair. The latter referred in words of high commendation to the reent work at the polls of women in Boston in "rescuing our public schools," and added: "We thought the Republican party should make itself the champion of this great movement, and should make universal suffrage an important plank in its platform."

A resolution was adouted providing for a

sal suffrage an important plank in its platform."

A resolution was adopted providing for a committee to memorialize Congress to the end that women might be recognized and allowed to participate in the ceremonies of the coming centennial celebrations.

Rev. Olympia Brown of Wisconsin spoke on foreign rule, and said that while not opposed to foreign immigration, she thought it a mistake to confer upon foreigners advantages which are not given to native born. Foreigners were allowed to vole too soon after reaching this country.

New York, Jan. 21.—The Woman Suffrage Party State Committee professes to have advices from its British co-workers that about 2,000,000 women registered and voted last week in England, Scotland and Wales for members of new city councils.

FIFTIETH CONGRESS.

WASHINGTON (D. C.), Jan. 21.-[By the Associated Press.] Scnate.—The Senate resumed consideration of the Tariff Bill. Mr. Vance objected to the question being on the amendment offered by Mr. Brown last Saturday, increasing the rate on rice. liscussion on the rice question soon mixed up with the sugar question The discus

became mixed up with the sugar question, and Mr. Gibson advocated adequate protection for both rice and sugar.

Mr. Butler said he would be glad to see the bill so arranged as to do ample and exact justice to every industry. He believed the intention of the Finance Committee was to alm a blow at rice and sugar and other commodities because certain Senators on the Democratic side would not acquiesce in the monstrous propositions of the bill.

After further discussion, Mr. Aldrich suggested that the rice paragraph go over till tomorrow and that in the meantime the Finance Committee would examine the facts and figures presented by the Senator from Georgia, Mr. Brown.

The suggestion was agreed to and the rice paragraph went over till tomorrow. On the suggestion of Mr. Vest it was agreed that the general debate should go on today until 5 o'clock, after which the 10-minute rule should be in force, all debate to cease tomorrow at 5 o'clock and voting on the bill to begin.

Schedule K (wool and manufactures of wool) was then taken up. Mr. Vance mowed to amend the first paragraph of it.

the bill to begin.

Schedule K (wool and manufactures of wool) was then taken up. Mr. Vance moved to amend the first paragraph of it by making it read "all wools" of the alpaca goat and other like animals shall be admitted free of duty, and addressed the Senate in support of the amendment.

After speaking some time Mr. Vance yielded to Mr. Allison, who reported several amendments to the wool and woolen schedule. The amendments, which were sent to the printer without being read are to the following effect: In paragraph 346, taxing wool of the first and second class 11 cents per pound," are struck out and the words "wools of the second class, 13 cents per pound," are struck out and the words "wools of the second class, 13 cents per pound," are added; in paragraph 346, which taxes wools valued at not over 12 cents a pound 6 cents a pound, the tax is increased to 8 cents; in paragraph 347, relating to wools of the a pound, the tax is increased to 8 cents paragraph 347, relating to wools of third class valued at 12 cents or less pound, the tax is increased from 21/4 a pound, the tax is increased to 8 cents; in paragraph 347, relating to wools of the third class valued at 12 cents or less per pound, the tax is increased from 2½ to 4 cents per pound; in paragraph 348, relating to wools over 12 cents in value, the tax is increased from 6 to 8 cents; in paragraph 354 the words "and worsted" are inserted twice so as to make it read "woolen and worsted cloths, woolen and worsted shawls, etc.," and rate of 40 cents a pound "on cloths valued at above 60 cents a pound" is increased to 45 cents. A like change is made in paragraph 355, increasing the rate on flannels, blankets, etc., valued at above 60 cents per pound, from 40 to 45 cents per pound. Paragraphs 356 and 357 are amended by an increase of the rates in the two provisos, "applying to goods weighing over tour ounces per square yard," from 40 to 45 cents per pound. In paragraph 358, "as to ready-made clothing," the rate is increased from 30 to 35 per cent, per pound 40 to 45 cents per pound. In paragraphs 361, 362, 364, 365, 366, 367 and 368, carpets, ad valorem, the rate is increased from 30 to 35 per cent.; in 369, from 40 to 45 per cent., and in 371, "endless belts for paper or printing machines," from 30 to 35 per cent.

Mr. Vance then concluded his speech.

creased from 30 to 35 per cent.; in 369, from
40 to 45 per cent., and in 371, "endless belts
for paper or printing machines," from 30 to
35 per cent.

Mr. Vance then concluded his speech,
and was followed by Mr. George in some
general observations on the bill, and after
further debate the Senate took a recess
until 8 o'clock.

The pending amendment to place all wool
on the free list was defeated by a viva voce
vote. On the previous roil-calls (no quorum being present) Messrs. Brown, Payne
and George voted in the negative with the
Republicans.

Mr. Vest offered an amendment reducing
from 11 to 10 cents a pound the duty on
wools of the first and second class.

After considerable discussion this amendment was lost, and on motion of. Mr. Allison the duty on woel of the second class
was increased from 11 to 12 cents a pound.
Mr. Allison moved to amend by increasing from 2½ to 4 cents per pound the duty
bn wools of the third class, valued at 12
cents or less per pound. Agreed to.

Mr. Allison further moved to increase
the duty on wools of the third class (valued
at exceeding 12 cents per pound) from 6 to
8 cents per pound. Agreed to.

On motion of Mr. Allison an amendment
was adopted fixing the duty on woolen and
worsted dyarn, valued at not more than 50
cents per pound, at 30 and 38 cents per
pound respectively in addition to 40 per
cent. ad valorem. The duty on woolen or
worsted cloths, valued at above 60 cents
per pound, was fixed at 45 cents per pound
children's dress goods, composed wholy or
in part of wool, weighing over four ounces
per square yard. A duty of 45
cents per pound and 45 per cent. ad
valorem mas fixed on clothing ready made
and wearing appared of every description,
composed wholly or in part of wool. The
duty on webblings, gorings, etc., was fixed
at 40 cents per pound in addition to 50 per
cent. ad valorem;

The duty on axminster, moquette, Saxony, wilton, and tournay carpets was fixed, at
40 cents per pound in addition to 50 per
cent. ad valorem;

The duty on mas fixed at 50 cents per

cents per square yard and as per cent. ad clorem; treble fugrain at 12 cents per uare yard and 35 per cent, ad valorem; oply lograin carpets at 8 cents per uare yard and 35 per cent. ad valorem; urgets at 16 cents per square yard and 35 re cent. ad valorem; cent. ad valorem; carpets, not otherise provided for, at 45 per cent. ad valorem;

The Senate then, at 11:20, adjourned.

House.—In the House, under the call of tates, Mr. Vandever of California introduced a joint resolution requesting ed a joint resolution requesting the sident to open negotiations with Mexico the cession of Lower California to the

by request a long bill incorporating the American Interstate Railway Company, and demanded its reading. This completed, he introduced a bill to establish an uniform system of bankruptcy, and called for its reading.

Mr. Payson had a double object in filibustering; one to force the friends of the Oklahoma Bill to accept certain amendments, the other being to prevent consideration of the Union Pacific Funding Bill under suspension of the rules. Both these points were conceded to him, and he withdrew the Bankruptcy Bill.

After some further filibustering the call of States was proceeded with, but another obstacle to the speedy dispatch of business was thrust into the House by Mr. Brower of North Carolina, who introduced a bill for the repeal of the tobacco tax, and moved its reference to the Committee on War Claims.

The motion was not agreed to, and the bill was referred to the Committee on Way

The motion was not agreed to, and the bill was referred to the Committee on Ways and Means.

Mr. Martin of Texas offered for reference a long preamble and resolution about the evils of the present existing tariff system, and declaring that a panacea, for all our ills is to adopt without delay a series of repealing all privileged and class legislation.

Mr. J. D. Taylor of Ohio introduced for reference a joint resolution directing the officials in charge of any Government building which may be used on the occasion of the inaugural ball not to permit whe, beer, ale or other intoxicating liquors to be sold or served to any person on the occasion of the ball.

The call of States was concluded, and then Mr. Warner of Missouri withdrew his pending motion to suspend the rules and pass the Oklahoma Bill, and in view thereof moved to suspend the rules and pass the Oklahoma Bill, and in view thereof moved to suspend the rules and adopt a resolution providing for a final vote on that bill at 4 o'clock on Thursday next, with permission to Mr. Payson to offer an amendment to the section of the measure relative to town sites. Agreed to.

Mr. Herbert of Alabama, from the Committee on Naval Affairs, reported the Naval Appropriation Bill. To the calendar.

Under instructions from the Committee on Indian Affairs, Mr. Peel of Arkansas moved to suspend the rules and pass the bill authorizing the five civilized nations of Indians to lease lands within their boundaries for missing purposes, subject to the approval of the Secretary of the Interior. Agreed to.

On motion of Mr. Montgomery of Kentucky the rules were suspended and the bill passed to increase the maximum amount of international money orders from \$50 to \$00. Adjourned.

A BROKER'S LIABILITY.

Important Decision by the United States Supreme Court.

WASHINGTON, Jan. 21.—[By the Associated Press.] In the Supreme Court today an opinion was given in the ease of William G. Galigher, appellant, vs. Thomas F Jones, on appeal from the Supreme Court of the Territory of Utah. The case turns upon the loss sustained by Galigher through the refusal or neglect of his broker, Jones, to follow his instructions in a stock transac-tion. The Court holds that a broker is but an agent and that he is bound to follow the an agent and that he is bound to follow the directions of his principal or give prompt notice that he declines to continue the agency. It therefore decides Jones liable for damages for not notifying Galigher by telegraph that he would not convert certain stocks into other stocks is he was ordered to do. The measure of damages which should be awarded where stock advances in value after an order to buy has been given, the court hoids, should be the highest intermediate value which the stock attains, between the time the order was given and a reasonable time after the notice of failure to buy the stock is given the intending purchaser, in order that he may make a new order. The decision of the lower court in favor of Jones is reversed.

#### WASHINGTON NOTES.

The Administration Anxious to Vin-dicate Judge Vincent.

Among the prominent out-of-town visitors today were Hon. T. H. Carter, Delegate-elect to Congress from Montana, and Hon. G. A. Matthews, Delegate-elect from Dakota. They stopped over to have a talk on Territorial matters. L. Bradford Prince, ex-Associate Justice of New Mexico, and George Christ of Nogales, Ariz., also called. Judge Prince is a warm personal friend of Warner Miller. His visit, however, had no reference to politics, but to Territorial affairs. Prince says the Republicans of New Mexico are unanimous for the early removal of General Land Surveyor Julian, and that he acquainted Gen. Harrison with this fact. An unconfirmed report credits Judge Prince with seeking the surveyorship for himself. Mr. Christ's friends are urging him as a candidate for the Governorship of Arizona. Senator Allson, J. S. In connection with the Cabinet gossip floating about an interesting bit of history has been divulged. This is, that when President Garfield was making his Cabinet he offered Gen. Harrison his choice of Cabinet seats excepting the State and Treasury portfolios. Gen. Harrison did not care to leave the Senate, and suggested to the President that Gov. Porter, who had just been elected, would make an excellent Cabinet officer, whose appointment would please Indiana. Garfield immediately tendered Gen. Porter a seat in his Cabinet, but Porter ikewise declined. He felt it aduly to fill out his term as Governor. In reference to the gossip about Porter now, it may be safely said he may not care to enter Gen. Harrison's Cabinet, but it is intimated that his desires lie decidedly in the direction of a foreign mission. As Gen. Wallace has unequivocally removed his mame from discussion, it virtually leaves Chairfrom discussion, it virtually leaves Chair-man Huston as the only prominent Cab-inet aspirant in Indiana.

J In the Chamber of Denaities today Bisbop Freppel asked what measures the Government was taking to protect the position of France in the Pacific, especially with regard to the Easter Islands, which had been reported ceded to Chili. He further said that, although the Tonga group, belonging to Tahiti, England had annexed two of those islands. Did the Government regard this annexation as final, and what action was intended in view of the recent English annexations in the Cook group.

Admiral Krantz, Minister of Marline, replied that the admirals of the navy had been consulted, and all agreed it was useless to retain the Easter Islands. As for Cook Islands, they had never belonged to France. Regarding the Tonga group, the Government held that England had no right to retain the two Islands which she annexed, although the Islands really possessed no importance.

Bishop Freppel maintained the importance of the Easter Islands. Besides the annexation of Tonga, he said, the British had neglected no opportunity to deal a blow at French influence in Oceanica. The Government was either ill-informed or wanting in firmness. France had abandened Egypt and the New Hebrites, and the colonial administration was again showing negligence and incapacity.

Ore from Lower California.

[San Diego Union.]

Recently the schooner Emma, under command of Capt. Grosse, arrived from Lower California with a cargo of 18 tons of gold ore from the San Domingo mines. It was consigned to the National City Reduction works, and has been unloaded and shipped to its final destination to be immediately run through the mill. It is virtually the first shipment of ore from Lower California, and the management of the reduction works states that if its treatment proves satisfactory to the mine owners it will be followed by an unlimited quantity from all sections of that vast mineral region.

The Man Who Don't Read.
[Cleveland Plain Dealer.]

The man is to be pitied who in this age does not read a newspaper. He is not alone out of the current of human affairs, but he is also outside all the influences of progress, which are daily at work solving the destiny of this Nation. Like a Rip Van Winkle, he is a laggard in time and the new order of things is ever ruthlessly crowding his antiquated ideas. Round such a man draw the mantle of charity and let him dote in the memory of what has been.

### California Waukesha! PURE WATER!

The CORONADO BEACH COMP'Y

Made a very valuable and important discovery while investigating the water supply of the Otay Valley, San Diego county. They came alon a series of living springs, the water of which has similar properties to the celebrated WAUKESHA WATER.

Clear, sparkling, agreeable to the eye and refreshing to the taste; one spring aiready yields 5,000,000 gallons per day, and other springs can, by development, be made to yield equal quantities.

This water has been piped to South San Diego, Coronado Heights, and Coronado Beach, and used with the utmost satisfaction and favorable results.

AN ANALYSIS

Made of this late discovery by the celebrated chemist, C. Glibert Wheeler of Chicago, shows that it is exceptionally pure, and is possessed of highly medicinel qualities, which act as directly and favorably on all kidney troubles as THE WAUKESHA WATER.

The walkesha water.
The above is fully borne out by the result of its use for several months among the guests of the Hotel del Coronado. Many severe cases of kidney disease among elderly people have been greatly improved, and others completely cured.

FUNERAL SERVICES OF THE LATE EPARAIM LONGYEAR.

The Mass Meeting-Impressive Services-In Memoriam-How to Va-eate-Another Raymond Party-Local Budget-Personal Items.

PASADENA, Jan. 21.—[Correspondence of THE TIMES.] "Eighteen Years in Chili" will be the subject of a lecture to be delivered by Rev. A. M. Merwin before the Y.M.C.A. in Morgan Hall tomorrow evening.

The funeral of the late Ephraim Longyear took place this afternoon. The funeral services were simple and impressive and were attended by a number of friends of the deceased and his family. The hearse with the remains wended its way to the Baptist Church, where Rev. C. E. Harris delivered a short address. The impressive exercises opened with a selection by a quartette of male and female voices, a quartette of male and female voices, entitled "My Jesus as Thou Wilt." At its close Rev. Mr. Harris, in a fervent speech of half an hour's length, referred to the life of the deceased and his benefit to the community in which he resided. In substance he said:
"We meet a neighbors and friends."

he resided. In substance he said:
"We meet as neighbors and friends
to sympathize with those in affliction.
It is something to have a friend in time
of need. The tears of the family of It is something to have a friend in time of need. The tears of the family of the deceased mingle with ours, but after all this weeping don't subdue the pain or drive away the anguish and darkness. In such times as these there seems to be one place we can go to find help in time of need. What a message Christ brings to us at this hour, what words of comfort and sympathy, and though afflicted, his arm will sustain us even to the end. I would to God that all who are here, when sorrow and affliction befall them, would go to Him. Let us then not mourn, but follow in his footsteps, as did he in his Master's. Then, too, we can go home where there is no sighing or weeping any more." The reverend gentleman then uttered a brief prayer, asking for comfort and blessing to the family and widow of the deceased. Grant them, said he, sustaining grace that they may do all things well, and to thy pleasure.

"Asleep in Jesus" was then sung by the quartette, and the casket opened to give friends an opportunity to take a last look.

The passenger train which left this city at 8 o'clock yesterday morning for Saa Diego, by way of Colton, moved along without interruption until it reached a point near Box Springs, where the engine gave a lunge, and the passengers were sent flying through the coaches.

The train had been running at a reduced

The train had been running at a reduced rate of speed all morning, and when the wreck occurred it was going so slow that but little damage was done, with the exception that the passengers were badly shaken up, and the engine was ditched.

The engineer and fireman saved themselves by jumping from the cab. The engine, after leaving the track, plowed through the dirt a short distance when it came to a standstill.

A wrecking train was soon sent to the scene of the accident, and after a little delay, the passenger train was started on its way to San Diego.

#### A CRIME

Disclosed by the Contents of an Ash Harrel.

A small-sized sensation was caused yes-terday when it was reported on the streets that 3-months-old foctus had been found saloon, on First street, between Spring and Main. The body was wrapped up in a newspaper, and there was absolutely nothing to show where it had come from, or how it had come where it was found. The Cor-oner was notified and took charge of the corpse, and the poince officials were also notified, and Chief Cooney went to the place and made a personal examination of the premises and surroundings, but could not discover anything that would lead to the identity of the unfortunate woman in

the identity of the unfortunate woman in the case.

Last evening a Times reporter was told that a number of bloody bedelothes had been found in one of the rooms in the building next door, which had been occupied by a woman up to a day or two ago, but that the occupant had disappeared. This story, however, could not be confirmed, as the people in the house absolutely refused to talk, saying that they knew nothing about it. Another story is to the effect that a man brought the body to the place, and went out into the yard and dropped if in the barrel.

Coroner Meredith will probably hold an inquest today, and at any rate will make a thorough investigation, and no efforts will be spared to bring the guilty parties to justice, in case they can be found.

and the case was continued until 1:30 p.m.
Full particulars appeared in these
columns when the arrest was made,
but Mrs. Foster insisted yesterday on going over her misfortunes
again, and it her story is to be believed she
has been most frightfully abused. She and
Foster were married in an eastern town
several years ago, and after the honeymoon
they went into the candy business. Foster's true character soon displayed itself, for
he brought the young bloods of the town to
see his wife, and forced her to accept their
attentions in a most brutal manner. She
stood it as long as she could, when she ran
away and came to this city, where she married a horse trainer named Holland.
Shortly after the marriage in this city Foster put in an appearance, and Mrs. FosterHolland has been in hot water ever since.
Foster did not show up at 1:30, and the case

A Desperate Attempt to r scape. As Southern Pacific passenger train 17, east bound, entered San Fernando tunnel east bound, entered San Fernando tunnel yesterday morning, a desperate attempt was made by two prisoners in charge of Constable Crain of Lancasfer to escape from the window of the water closet. Breaking the glass, the men gained the car platform, and notwithstanding the train was under good speed, leaped to the ground, sustaining injuries. Crain hearing the crash, caused the train to be stopped, and ran back through the tunnel firing right and left, and forcing the men to the wall, thus enabling him to recapture them. The men had been securely handcuffed together upon leaving Lancaster, and were still fastened together when recaptured.

Although arrested upon a charge of entering a barn in the vicinity of Lancaster, and cutting open bales of hay, they were found to possess a set of burglars' tools, which they attempted to conceal under a car, and as Fireman Frazler of pusher engine 165, stationed at San Fernando, identified both men as having frequented the vicinity of the San Fernando depot previous to the alleged attempted robbery there. The arrest may shed some light on affairs of this character along the coast. The men have been consigned to the County Jail on twenty-day sentences.

A Brosen Grip. Last evening a new gripman on the Second-street cable road let a train run into the ond-street cable road let a train run into the switch on the hill between Hill and Olive streets without letting the cable go, breaking the grip and causing a panic among the passengers, several of whom inmped off. Fortunately no one was injured, but traffic was suspended for a short time. It is claimed that the switch is on the wrong side of the road and that it is dangerous, especially in wet weather. The same kind of an accident has happened once or twice before.

Who is Your Best Friend?
Your stomach, of course. Why? Because if it is out of order you are one of the most miserable creatures living. Give it a fair, honorable chance and see if it is not the best friend you have in the end. Don't smoke in the morning. Don't drink in the morning. If you must smoke and drink, wait until your stom ch is through with breakfast. You can drink more and snoke more in the evening and it will tell on you less. If your food ferments and does not digest right—if you are troubled with heartburn, dizziness of the head, coming up of the food after eating, billousness, indigestion or any other trouble of the stomach, you had best use Green's Angust Flower, as no person can use it without immediate relief.

## ANNUAL TRADE NUMBER

-CONTAINING

A COMPLETE REVIEW OF THE YEAR.

Fifty-six Large Pages. Equivalent to a Two Hundred Page Book.

The Annual Trade Number of THE TIMES, now ready, is the most complete and in teresting publication of that character ever published in Los Angeles.

NOTABLE FEATURES—It contains a business review of the year, embracing a great mass of valuable facts bearing on the city and county; a thorough exposition of our natural resources—mineral, vegetable, commercial and climatic; a review of the rise and progress of the boom, with solid proofs that the country is now in better condition than it was during the height of the real-estate excitement; a carefully compiled exposition of the varied inducements which Southern California offers to the health-seeker, the homsecker and the tourist, besides a number of interesting and valuable special articles on pertinent subjects. It contains more solid information about the country than could be crowded into the compass of a hundred long letters, and for a few cents and the expenditure of a few minutes' time in writing the address you can send a friend more information than you could write in a month, even if you had all the facts at hand. For a dollar you can supply ten families in the frozen East with information that may lead them to join the army of pligrims to Southern California, to their own and this country sadvantage. Thus, whether viewed from the standpoint of friendship or self-interes: 1 will be seen that no better use can be made of a dollar than by purchasing the rewith the coupling the sevent the country in the country. seen that no better use can be made of a dollar than by purchasing the rewith ten copies of the great Annual Trade Number of THE TIMES. Not one-tenth of the pleasure can be bestowed in any other way for the same amount of money.

days.

Early yesterday morning a false alarm was turned in ringing box No. 8, located at the corner of Daiy and Weil streets, East Los Angeles. The engines turned out, but nothing in the shape of a fire could be found. It is believed that the alarm was caused by the wires being struck by a house that is being moved on College street.

Maj. E. W. Jones, J. B. Lankershim and others left for Sacramento yesterday to use their influence in favor of the new charter and an appropriation for a London exhibit. Hervey Lindley and others will go today or temorrow if they receive a telegraphic summons. These gentlemen are acting at the suggestion of the Chamber of Commerce.

The suggestion of the Chamber of Commerce.

Justice Savage says the reason why he did not issue a warrant against Perkins last week, at the instance of John Hail, was because Hall would not swear that he was in fear of personal violence from Perkins. According to the statute, a complaining witness to obtain an arraignment to preserve the peace, must swear that he is in fear of violence.

Last night about 8 o'clock a four-horse team, attached to a wagon belonging to Roeder's new meat market, ran away, smashing up things generally, and badly injuring the driver. The horses were captured out near the Washington Garden, but the driver had disappeared. The man's hat was found, and later he turned up. The horses were not hurt.

Detectives Marsh and McCarthy yesterday arrested a negro named Hardy Molten at a low dive on Los Angeles street and locked him up on a charge of burglary. Molten had been working for Dr. Lilly on Tenth street, and stole a set of new harness from that gentleman, which was also recovered. Molten is a "dope" fiend, and, so far as known, he is the only negro in the city who is addicted to the oplum habit. He is a tough character and is well-known to the police.

#### GAY GAMBOLIERS.

A Fracas Said to Have Taken Place
Last Evening.
It was reported on the streets last night
between 8 and 9 o'cleck that a general fight
had occurred in a faro bank in the city, and that several persons were badly battered. The story was to the effect that an ex-member of the City Council had lost some \$1400, and was in a bad humor, when some one attempted to steal a "sieeper," which so enraged the statesman that he smashed the man over the eye. A reperter on an aftermoon paper was also said to have been mixed up in the affair, and that he also smashed a man in the face before the fight was stopped. Inquiry was made at the various gambling-houses, all of which were found open and doing a thriving business, but not a word could be learned about the affair, all the parties appearing to be as innocent as lambs. The Chief of Police will probably institute an inquiry into the matter today, and if the parties can be located warrants will be sworn out against them. that several persons were badly battered.

Alhambra Indignant. The good people of the beautiful town of

Alhambra are thoroughly aroused over the proposition of a company, under contract from the city of Pasadena, to lay sewer pipes through Alhambra's streets to a tract pipes through Albambra's streets to a tract of land about two miles southeast of the town, where sewer farming is to be carried on with all its modern attractive features. At a meeting of the citizens, held Saturday evening, it was unanimously resolved that it is the sense of the people of Albambra that the whole proposition is an outrage and a menace to the future health of the people and to the prosperity of the happy homes existing in one of the loveliest valleys in the world. A committee consisting of J. De Barth Shorb, F. Edward Gray and T. J. Stuart were appoined, with power to act. in raising the sinews of war, interesting other communities in preventing the proposed invasion, and in entering protests with the Bard of Supervisors and the courts, and it necessary obtain an injunction. Alhambra people consider their acres to be the lawn of the universe, and not the dumping grounds of their neighbors' offal.

Street Cars and Laxes.

The report of the City Tax Collector, presented in the Council yesterday, showing how the street car companies evaded the payment of the taxes on their cars, caused considerable comment among the Councilmen, as well as outsiders, and while it was expected that there might be some slight discrepancies, it was not thought that so little was being paid. It is probable that the City Attorney will submit a report at the next meeting, which will open the eyes of the Councilmen. There are various other matters which have been allowed to run along without any special attention being paid to them, and these, it is said, will also be looked up and brought before the Council.

PEOPLE'S STORE.

PEOPLE'S STORE.

This week is devoted to special sales—sol as many goods as possible—reduce stock and convert into money. Go ds go and money comes. The People's Store knows that low prices alone will accomplish this end. We mean business. Look in our windows daily and see what we off r. Fifty per cent, reduction is scarcely considered. An article that is need d and a price that will carry it away is what we are now sell ing—values that an peal to everybody. We take stock in February, and the less we have to inventor the better we like it. This week's irices will be lower on goods than ever sold before. No trifling with the public. A clean cut, an appreciable cut, in prices is the only way we expect to materially reduce our stock.

BETTER THAN WAUK SHA.

Analysis Proves the Coronado Water Better That

tional purity, and contain d medicinal quali-ties, not much heed was given to the report. It did not strike the average reader with force enough to overcome the inertia of his indifference. A little later the subject was again enough to overcome the inertia of his indifference. A little later the subject was again
brought to public attention by the statements of those who, as guests at the Hotel
del Coronado, had experienced benefit from
the use of the water as a beverage Theeffects no ed from the use of this water were
similar to those obtained from the use
of the famous Bethesda water of
Waukesha, wis. The -ffects were
so marked as to prompt investigation and
analysis. The analysis was made by Prof.
Wheeler of Chicago, a chemist whose skillcannot be questioned. The results of this
analysis are published herewith in comparison
with an analysis of the Wauke-ha water. It
will be seen that the Coronado water is even
better than the Waukesha the organic matter
in the former being nearly forty per centless than in the latter. This enhances the
purity of the Coronado water, and with the
medicinal elements it contains makes it of purity of the Coronado water, and with the medicinal elements it contains makes it of great value. A large portion of San Diego as well as Coronado Beach is supplied with the water from these Otay springs. There seems to be no limit to the quantity that may be gotten from this source. It is a big card for del Coronado to be able to guarantee its guests an unlimited supply of a better than Waukesha water. It is pure, bright and palartable.

\$35 to \$165 Per Acre! Terms, One-quarter Cash, Balance 1. 2 and 3 Years. Deferred Pay-

ments Bear Interest at 7 Per Cent. Per Annum.

Apples, Peaches, Pears, Prunes, Figs, Piums, Cherries, Persimmons, Raisms and Table Grapes, Loquats, Quinces, Apricots, Oilves, English Walnuts, Chestnuts and Peanuts, as well as Grain and Vegetables of all kinds grow to the bigs tedgree of perfection WITHOUT IRRIGATION. The soil is a deep, rich sandy loam. An ivex-baustible supply of water Mr. Mitton Thomas and Mr. Byron O, Clerk, the well known and exper ence d nurserymen, have purchased large tracts of these lands and peanted them to orehards. They reward them as the very best lands in Los Angeles county for the cultivation of all kinds of deciduous fruits, olives and English walnuts, and owing to their near proximity to Los Angeles city, the cheapest lands in Southera Criffern a at the price they are now offered. It costs nothing to examine these lands. LEWIS S. HOYT, Secretary, 44 N. SPRING ST.
